

# Partner Taskforce Pledge

SEAFOOD  
MAP

*The Taskforce brings together GSSI Partners who are integrally involved in the development and implementation of Seafood MAP*

## **Taskforce Members are committed to:**

- Proactively participating and contributing to Seafood MAP development
- Supporting the testing and implementation of Seafood MAP

## **Taskforce Members collectively work towards a shared vision that Seafood MAP will:**

- Close the knowledge gap on sustainability of global fisheries and aquaculture production, in particular in those markets and for those species currently not reached by GSSI-recognized certification and associated improvement programs
- Bring confidence, clarity and choice in measuring progress towards global seafood sustainability
- Establish an inclusive playing field to collectively accelerate continuous improvement efforts
- Help create a demand for more sustainable seafood in seafood markets globally
- Accelerate the global implementation of the FAO Code of Conduct for Responsible Fisheries and the United Nations 2030 Agenda for Sustainable Development by all actors of all sizes
